MEMORANDUM OF MONGOOSE MEETING IN THE JCS OPERATIONS
ROOM, OCTOBER 26, 1962, AT 2:30 p.m.

Attended by: McNamara, Gilpatric, General Taylor, Johnson, Ed
Martin, Don Wilson, the Attorney General, McCone, Lansdale, Harvey,
and Parrott.

The purpose of the meeting was to give guidance to operation
MONGOOSE. It became immediately apparent that Lansdale felt him-
self lacking in authority and not in channel of either operations or
information with JCS or SecDef's office. There was considerable
criticism by innuendo of the CIA/Lansdale relationship.

McCone stated that he understood the MONGOOSE goal was
to encourage the Cuban people to take Cuba away from Castro and to
set up a proper form of government. He said CIA had, and would
continue to support Lansdale whom we recognized as the director of
this operation. He felt that any indication that CIA was not affording
such support to Lansdale was completely erroneous.

On the other hand, CIA by long-standing arrangements, details
of which were most recently confirmed, are obligated to support the
military to the extent desired by the JCS in any combat theatre, and
therefore probably some CIA moves made for the purpose of meeting
this objective had been misunderstood by Lansdale. Lansdale had
distributed the attached paper headed "Main Points to be Considered,
10/26."

Item 2N was approved and Mr. Gilpatric undertook to expedite the construction work necessary to establish the 50 KW radio transmitters in the Florida Keys. (Don Wilson has charge of this project).

Item 2L was removed from MONGOOSE responsibility. It was decided that a new Cuban political office to plan for the post-invasion government of Cuba would be secretly set up by the State Department. All other items in the Lansdale paper were held in abeyance.

The group reaffirmed that Lansdale is to be in charge of the MONGOOSE operations which will cover all covert activities of any department of government, including State, CIA, USIA, etc. The infiltration of agents is to be held up pending a determination by the Department of Defense through General Carroll, as to just what military information is desired and determination by State, through

Alexis Johnson, as to just what political information is desired. General Lansdale is then to determine ^{if} assets available in the government (all of which rest in CIA) can produce the information desired by Defense and State, and then program a procedure to be followed.

It is expected that Lansdale will make these determinations at the earliest moment and confer further with the committee or individual representative s thereof.
